

What is New York Sea Grant?

New York Sea Grant (NYSG) is a statewide network of integrated research, education and extension services promoting coastal community economic vitality, environmental sustainability and citizen awareness about the State's marine and Great Lakes resources.

Sea Grant
50 YEARS
One of **33** university-based programs.

More than **85%** of NY's **20M** people live near its **3,400** miles of coastline

Currently funding **45** innovative projects

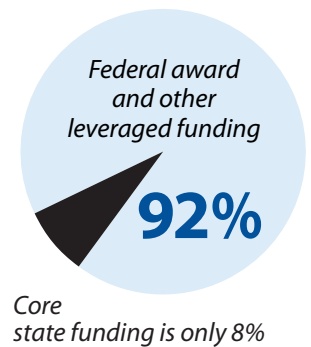

Supporting **700** Graduate students for their advanced degrees since 1971

Research and Outreach with Impact

NYSG uses input from stakeholders and the research community to advance state-of-the-art research and coastal management for the benefit of New York's varied coastal environments and communities.

Since 1971 NYSG received **\$142.5M** for research and outreach
2018-2019 budget approx. \$5M

Funding & Partnerships

NYSG is a federal/state matching funds program

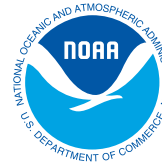

NYSG partners with

- Northeast
- Great Lakes
- Mid-Atlantic

Sea Grant programs on cutting edge topics:

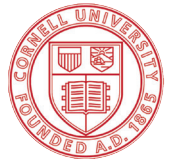

- Aquatic invasive species
- Ocean acidification
- Climate change
